Students are supplied with a resource list of essential items and texts which have to be purchased for school.
In the past we have supplied lists of requirements for each subject and many families end up with duplicates.
Most students are aware of the resources they require for school. Occasionally teachers may require a specific resource for their subject.
These will be relayed by individual teachers and these items can be obtained once school has already started.
All students need pens and pencil that work, paper to write on and ways to keep notes in order and filed.
We encourage students and families to use stationery supplies from previous years.

APPLIED ENGINEERING SYSTEMS
