

SURVEYS SNAPSHOT 2023

Each year St Stephen's School conducts research across the School community in the form of a survey. The survey covers questions on wellbeing, academic programs, school infrastructure, community engagement and overall school satisfaction. It is pleasing to note that over the past ten years the interest from the wider community in our educational excellence has continued to grow and our students consistently rate the School 80% or above in key areas such as feeling safe at school, responsible use of technology and overall satisfaction with the education provided.

PARENTS
